

VOICE NOTIFICATIONS PRIVACY POLICY

This policy on privacy regulates the use of the application software Voice Notifications and Voice Notifications Free for mobile devices that was created by Francesco Maggio.

The application provides customized voice alerts for notifications of new WhatsApp messages (fewer options on the free version).

No information is made available to third parties unless Google.

Information provided to the user

The application obtains the information provided when you download and accept the

permissions required to run the application. Some permissions are given at runtime application.

This information is simply used

for basic use based on the functions of this page application. All data is handled offline.

- Permission to access the phone to check the status of the call

(READ_PHONE_STATE):

Information required for the module "mute function during a call" to work properly.

All data is handled offline.

- Accessibility notification service and access permissions are required to get information

for notifications. This information is used for basic use simply based on the functions of this application.

You can stop all collection of information by the Application easily by uninstalling the

Application. You may use the standard uninstall processes as may be available as part of

your mobile device or via the mobile application marketplace or network.

You can limit the reading of some content through the permissions.

However, this may

cause the app to malfunction.

Data Retention Policy, Managing Your Information

All data stored outside of your device is on Google server in the form of data for analysis

on the Google Analytics platform. Please note that some or all of the User Provided Data

may be required in order for the Application to function properly.

Please be aware that, although we endeavor provide reasonable security for information we

process and maintain, no security system can prevent all potential security breaches.

Changes

This Privacy Policy may be updated from time to time for any reason. We will notify you

of any changes to our Privacy Policy by posting the new Privacy Policy with an in-app

warning. You are advised to consult this Privacy Policy regularly for any changes, as

continued use is deemed approval of all changes.

Your Consent

By using the Application, you are consenting to our processing of your information as set forth in this Privacy Policy now and as amended by us

Contact

If you have any questions regarding privacy while using the Application, or have questions about our practices, please contact us via email at sezionel1@gmail.com.
